## Overview

Enhance Your Business Acumen with an MBA and MS in Leadership

Support your journey to business leadership with advanced skills in operations and functional management. FordBridge's Master of Business Administration and Master of Science in Leadership (MSL) dual degree program affords you the opportunity to blend principles of finance, economics and marketing with the values of servant leadership. Offered by the FordBridge, this program is a perfect fit for working professionals.

Curricula in this MBA/MS in leadership online program encompasses a variety of courses relevant to modern day business. Courses follow a logical progression: You are exposed to the fundamentals of graduate-level study before embarking on your major area of focus. In small, academically stimulating learning environments, discuss the power of politics and influence in addition to operations management with expert faculty and business practitioners.

## Degree Outcomes

Study Business Leadership

In this MBA and MS in leadership online program, you gain a heightened understanding of business, administration and effective leadership. Review the components that drive business success and master the process to create a productive organizational culture. Coursework and critical thinking help you develop the knowledge for transformational leadership in business practice.

### What You Will Learn

#### Explore MBA and MSL Dual Degree Coursework

The MBA and MSL programs accelerate your learning using multiple course topics and objectives:

- Managerial concepts and strategies relating to the management of operations in both manufacturing and service environments
- Problem-solving models and methods of practical application
- Microeconomic and macroeconomic concepts relevant to contemporary business
- Quantitative tools and techniques used to model business functions and applications
- Key concepts of leadership
- Overview of how the science of organizational behavior contributes to effective leaders and managers
- Behavioral forces and relationships that influence organizational effectiveness and change

### Career Outcomes

#### Promote Your Career with Advanced Leadership Skills

The MS/MBA dual degree can help you take your career to the next level. Common careers after earning this degree include executive, entrepreneur, director, manager and business leader in all types of business, government and service organizations.
